

# Openings available for Safety Town 2018

## What is Safety Town?

A comprehensive education program that introduces safety awareness through classroom, role-playing, and hands-on activities. Children will learn about fire, traffic, home, train, car, bus, playground, and personal safety. Safety Town also includes a miniature town with streets, stoplights, crosswalks, and stores. Each child will have a chance to drive a Schwinn Roadster in Safety Town to practice proper street safety rules.

Your child will receive a nutritious snack, lunch and a drink every day. Books, songs, posters, videos, art projects, and guest speakers will enable the children to enjoy and understand what they are learning. On the last day, we will have a graduation ceremony for parents to see what their child has learned in this great experience. **Each child will go home with a new bicycle safety helmet. This is the 22nd year of Safety Town in Conway.**

**Safety Town is presented by the Junior Auxiliary of Conway and Conway Regional Health System.**
